

September 28, 2021

Dear Patient,

I am writing to inform you that after 40+ years, I will be closing my family practice on December 31, 2021. **My Family Practice will be closing however my specialty practice including cosmetics, Botox, filler, Botox Medical (Hyperhidrosis and Migraine), Biopsies, Joint injections, vasectomies, skin and veins will remain open.**

Unfortunately, I have not been able to find anyone to take over my practice and at the time of this letter no one at Kingsridge Medical is accepting; therefore I would urge you to begin seeking another health professional to take over your care. Consider using your personal network to find a physician; a family member or friend may be able to ask if their doctor is taking new patients. You can also check these resources for physicians accepting patients for primary care:

- <https://search.cpsa.ca/PhysicianSearch>
- <https://albertafindadoctor.ca/pcn>

Making the decision to leave my practice has not been easy, and leaving a practice with so many wonderful patients will be the most difficult part. I have valued the trusted relationship we developed and truly appreciated the opportunity to help you manage your health care needs.

Your original medical records will be safely stored and distributed with the non-profit association, MedRecords. All medical records will be stored and transferred at a minimal cost. Your records will not be available from our front desk for transfer, they **MUST** be requested through MedRecords. **Files will be available following December 31, 2021.** I recommend that you transfer a copy of your medical records to yourself or your new physician by:

- Visiting the MedRecords' website at <https://medrecords.ca/patients>
- Contacting MedRecords over the phone at 604-800-7079

Thank you for the privilege of being your Family Doctor for all these years. I wish you and your family the best of health in the future.

Yours truly,

Dr. Nicholas J. Morison
